Public flu clinics will be added to this list as they are scheduled. Check back for updates!

Please bring a copy of your medical insurance card with you to the clinic site.

If paying out-of-pocket, the flu shot will be \$45.20 and payable by personal check, VISA, MasterCard, American Express and Discover.

*Children between the ages of 9-17 must have a parent/guardian present to receive a vaccination.

The higher potency vaccine will be available on a first come, first served basis to people ages 65 and over. If paying out-of-pocket for high dose, the vaccine will be \$71.20 and payable by personal check, VISA, MasterCard, American Express and Discover.

Our health system has network agreements with many health insurance companies to ensure our friends, neighbors and patients have the peace of mind that the care you receive at University of Michigan Health is covered by your health insurance plan. To verify if your insurance plan is accepted for services across our health system, please review our list of in-network plans by clicking [here](#).

Vaccinations for children 6 months - 9 years are available through local county health departments as noted below. Vaccines may be available through the child's primary care or specialty provider; parents/guardians are encouraged to call these locations to verify insurance coverage, pediatric age restriction and vaccine availability.
